Front-end Developer, Web Designer, and User Interface / User Experience (UI/UX) Designer.

I love creating simple, clean and smart user experiences design that make information meaningful, relevant, and memorable.

Design is my true passion and creative expression.

Experience

The Ohio State University | University Libraries
Front-end Developer | June 2017 - Present
Design and build discovery and access interfaces for the library website, digital library, library catalogs, digital exhibits, learning resources, and other systems

The Ohio State University | College of Engineering
Lead Web Designer | July 2013 - May 2017
Work as lead designer with clients and developers to plan and conceptualize the visual design and flow of websites and Web applications

The Ohio State University | Health Sciences Library, Digital Solutions
Project Lead/UX Designer | February 2006 - July 2013
Designed and managed more than 80 clinical and university department websites

The McGraw-Hill Companies
Web Designer | May 1999 - January 2006
Translated storyboards and wireframes into high-impact, production-ready digital assets in accordance with the company's brand guidelines

America Online, Inc.
Web Designer | June 1998 - April 1999
Created, maintained, improved, and updated existing AOL websites and applications

CompuServe Inc.
Web Designer | March 1997 - August 1997
Worked with design and development team to conceptualize and implement intuitive interfaces following the latest UI trends and utilizing all available tools to augment user experience

Education

The Ohio State University (Columbus, OH)
Department of Industrial Design | Visual Communication Design
May 1995 - June 1998
